## CS2030S AY21/22 Sem 2 PE 1 Question 1

**Compilation** Compilation errors.

-0.0 Your code compiles without errors.

**Completeness** Incomplete/missing classes or methods.

-0.0 You implemented all the specified classes and methods.

**Style** 2 marks for coding style.

-0.0 Your code does not generate any checkstyle errors.

**Correctness** 3 marks for producing the expected outputs.

-0.0 Your code passed all the test cases.

**Design** 10 marks for code design and correct applications of OO principles.

-1.0 `Equipment::repair` is not abstract.

-2.0 Using conditionals to decide what each class should do. Polymorphism should be used instead.

Correctness	3.0
Design	7.0
Style	2.0
Missing Classes/Methods	0.0
Compilation	0.0
